

Explanation of Benefits (EOB)

Reference guide

How much do I owe for a medical claim?

We know that health care bills can be confusing. We want to help you understand what EOBs are and how they help you keep track of your medical claims.

We mail you an EOB when a provider (doctor, hospital or other health care facility or professional) files a claim for your care. The EOB is not a bill. It shows how your claim is processed and how your benefits work. For every doctor visit or service, your EOB tells you how much we pay and how much you owe.

You may not always get an EOB in the mail. For example, if you only need to pay a copay for a service, we won't mail you an EOB. But you can still view your medical EOBs/claims recaps online at anthem.com. **You can even choose not to get your EOBs by mail and just view them online. Here's how.**

1. Log in to anthem.com. If you haven't registered yet, you'll need to register to log in.
2. Click on **Profile**.
3. Scroll down to choose how you'd like to get your EOBs/claims recaps. Choose **Go Paperless**. (Only the subscriber can pick this option.)

It's fine to pay your copay during your doctor visit. But if you get a bill in the mail, check your EOB before you pay. Anthem may have already paid for the service.

This guide will take you through the elements of the EOB.

- 1. Patient's Name:** the patient who received the services.
- 2. Provider Name:** the provider (e.g., doctor, hospital or laboratory) of the services for the patient. The provider name may not be your doctor's name. That's because services such as tests, X-rays and consultations may be done by other health care providers as directed by your doctor.
- 3. Claim Number:** the number assigned to the patient's claim.
- 4. Service Date:** when the service was received.
- 5. Description:** a short description of the service.
- 6. Amount Charged:** the amount billed by the provider who performed each service.
Note: If Medicare/complementary services are involved, the amount in this column will represent the amount billed to Medicare.

- 7. Allowable Charges:** the price we have approved for that service (includes any deductible, coinsurance or other member expenses).
- 8. Other Insurance:** the amount paid by other insurance, including Medicare.
- 9. Applied to Deductible:** what was considered part of your deductible (the amount you must pay for covered health care costs before your benefits are paid). You are responsible for this amount.
- 10. Copay:** the amount you pay for each doctor visit or covered service. You are responsible for this amount.
- 11. Coinsurance:** a share of the cost (allowable charge) that you must pay for each service after you have paid your deductible for the year. You are responsible for this amount.
